Dry, oily, aging, sensitive, uneven, or acne-prone skin conditions can all be addressed with a customized facial using Aveda's advanced performing products that help accelerate the skin's natural ability to restore itself. After a consultation, your skin therapist will select the best combination of formula's and techniques to achieve a customized treatment for your individual needs and expectations.

#### plant-powered alternatives to microdermabrasion and chemical peels

**BOTANICAL SKIN RESURFACING TREATMENT**

90 minutes 130 | 60 minutes 80 | 30 minutes 55

This energizing treatment smooths the texture of the skin and increases radiance, while reducing the appearance of fine lines and pore size — all with less irritation than a microdermabrasion procedure.

**PERFECTING PLANT PEEL™**

90 minutes 130 | 60 minutes 80 | 30 minutes 55

This organic plant based treatment helps even the skins tone while smoothing fine lines and wrinkles, refining pores, while providing the exfoliation and radiance benefits of a 30% glycolic peel procedure with less of the associated redness and irritation.

**DUAL EXFOLIATION PEEL**

90 minutes 140 | 60 minutes 90

This skin-renewing treatment provides dual exfoliation by combining the benefits of natural resurfacing and a plant based peel into one powerful treatment, resulting in improved skin texture, radiance, and clarity, refined pores, and a smoothed appearance of fine lines and wrinkles. Skin is transformed looking immediately younger and fresher with benefits in tone noticeable even one week later.
